Aaniin Mike,

Please accept this letter in support of the acquisition of The Cation Property, near Coboconk, by Kawartha Land Trust.

This is a unique opportunity to preserve ecological resources for present and future generations to enjoy and appreciate.

In today's market, reality of land being sold, subdivided and developed, is why the safe keeping of our greenspace and landscape is of the utmost importance. The acquisition of properties by the Kawartha Land Trust ensures that our area's traditional landscape is preserved and not significantly altered by changes in housing density and traffic.

Our First Nation, like the Kawartha Land Trust, is committed to preserving the ecological character and diversity of this region and ensuring that this land forever is a place of natural beauty for all to enjoy.

We believe the acquisition of The Cation Property by the Kawartha Land Trust is a worthy undertaking that we support.

Miigwetch,
